DOB: Sep 2002 wshazad.github.io/career/

Education

East China University of Science and Technology | M.A. in Applied Economics Sep 2024 – Present
GPA: **3.91/4.00**; Advanced Econometrics (94), Advanced Macroeconomics (91), Advanced Microeconomics (91)
Research interests: regional economics, agglomeration, income disparities, and macroeconomic policy evaluation

East China University of Science and Technology | B.A. in Economics Sep 2020 – Jul 2024
GPA: **3.79/4.00**; Thesis: *The Impact of National or Industry Standard Setters on Corporate Innovation*; Outstanding Undergraduate Thesis, ECUST (2024)

Internship Experience

China Economic Information Service (Xinhua News Agency) · International Department Jun 2026 – Sep 2026
Data Product Intern

- Researched and wrote country–industry reports covering market size, value chains, talent, competition, regional distribution, and policy
- Collected data and built a country-risk database using an established indicator framework; tracked industry developments to support data-product updates
- Developed HTML page samples for products with AI assistance

CAICT East China Branch | Artificial Intelligence Department Mar 2024 – Jul 2024
Industry Research Intern

- Tracked emerging AI products and technologies; compiled information on technical features, use cases, industry developments, and investment and financing activity
- Reviewed and categorized AI and intelligent-computing policies in China and abroad; contributed to the section on the importance of intelligent-computing talent in the *White Paper on Intelligent Computing and Large Model Talent* (Huawei–CAICT), examining talent needs arising from industry transformation and emerging business models
- Helped draft data-infrastructure definitions for Shanghai's new-infrastructure handbook and compile the 2023 digital-economy work-plan outcomes report for the Yangtze River Delta integration demonstration zone

Campus Experience and Volunteering

Public Economic Governance Research Center, ECUST | Center Assistant Sep 2024 – Present

- Coordinated an academic forum on Chinese modernization, including research materials, event logistics, and on-site liaison
- Built and maintained the center website; organized and published research updates and event information

5th China International Import Expo | Volunteer Nov 2022

- Provided attendee guidance at Hongqiao Forum venues and inside the opening ceremony venue

Research Experience

Development Zone Policies, Industrial Agglomeration, and Household Income: Evidence from China
Shuhan Wang (first author), Nanxin Deng, Baijun Wu Revised and resubmitted (JRS)

- Studied development-zone policies and county household income, examining policy incentives and industrial agglomeration
- Data: Chinese county panel, 2000–2017; Methods: staggered DID, PSM-DID, event studies, and interaction models
- Found a negative effect on household income in the sample under a tax-incentive-led model of attracting investment

Population Agglomeration and the Missing Consumption Dividend: Exclusionary Urbanization and Hukou Segmentation in Chinese Cities
Shuhan Wang (first author), Baijun Wu Revised and resubmitted (HSSC)

- Examined population density, household consumption, and the moderating role of hukou restrictions
- Data: Chinese prefecture-level cities, 2003–2022, and CHFS household panel, 2017–2019; Methods: two-way fixed effects, instrumental variables, interaction models, and subgroup regressions
- Found that hukou restrictions raise migrants' housing costs without corresponding wage premiums, limiting consumption capacity and eroding the consumption dividend from agglomeration

Regional Development: Both the Creator and Acceptor of Light Pollution 2023 ICM Meritorious Winner

- Modelled and measured light pollution using a Chinese prefecture-level city panel, 2011–2019; award ranked in the top 13%
- Responsible for the research framework, variable construction, interpretation, and English paper writing

Skills and Languages

Tools: Stata, Python, AI agents, and Skill-based workflows
English: TOEFL 81; CET-6 528; CET-4 629 **Other skills:** Structured analysis, report writing, and event coordination

Selected Honors

Third Prize, 5th National Undergraduate Development Economics Paper Competition Jul 2025
First-Class Graduate Academic Scholarship, ECUST Nov 2024
Special-Class Outstanding Scholarship, ECUST Jun 2024
Outstanding Graduate of Shanghai Higher Education Institutions May 2024
